All complaints will be graded according to seriousness and likelihood of occurrence. This grading will determine the time available for and method of investigation of your concerns.

If it's not possible to do this within 3 working days, a simple acknowledgement will be sent and the other information will be provided within 7 working days of receipt.

We will make every effort to resolve your complaint as soon as possible.

Depending upon the assessment of the complaint, a final response will be provided any time between 2 and 60 days from receipt. If we have to extend the timescale once an acknowledgement has been sent, you will be informed.

## **10. What you can do if you are not satisfied with our response?**

Customers who are unhappy with the response received from Chandlers can ask the Civil Enforcement Association to investigate their complaint and the way in which it has been handled. The contact number for the Civea is 0844 8933922 or to download a complaints form [www.civea.co.uk](http://www.civea.co.uk)

### **The Civea Complaints Procedure**

#### **Part 1 - Action by the member**

1. Each complaint will be acknowledged within 10 working days of its receipt.
2. The member's response will be sent within 28 days of its original receipt.

#### **Part 2 - Action by the Association**

3. The Director General will acknowledge any complaint within 10 days of its receipt. Those complaints which have not previously been referred to the member concerned will be so referred and the complainant informed accordingly. (Procedure reverts to Part 1 above).

4. Where a complaint has previously been sent, in writing, to the member company by the complainant (see Part 1 above) but the complainant is dissatisfied with their written response the complaint will be investigated by

the association. A detailed response will be sent to the complainant within 14 days of receipt, by the Director General, of a report from the member company.

5. Where the Director General identifies that there may be potential for speedy resolution of the complaint this will be explored before proceeding to the next stage.

6. The Director General will copy the complaint to the Directors of the Civea for their consideration who will reply to the Director General within 28 days. In the event of the complaint being against a member company of one of the Directors of Civea that member company will not be involved in the decision making process. The Director General will act on the complaint when he has at least three responses from the Directors.

7. If the Directors uphold the complaint, the Director General will invite the member to reconsider their earlier reply and to write to the complainant directly. If the complaint is not upheld, the Directors will decide whether the matter can be referred to an independent panel, if the complainant wishes it to be so referred. The Director General will notify the complainant accordingly.

### **Part 3 - Action by the Independent Panel**

8. If the complainant is still not satisfied he/she may ask the Director General for the complaint to be referred to the independent panel mentioned in the leaflet. The Director General will arrange this, if previously agreed by the Directors (see 7 above).

9. The Panel will consider the complaint on the basis of the written evidence before them and also consider hearing a complainant in person if so requested. If in person, the Panel may also accept any legal or other representation as it pleases. The date and time of this Panel hearing is at the discretion of the association.

10. The Panel will have the power to recommend, if they feel that it is justified, that the company:

- remits, refunds or reduces any fees paid; or
- pays compensation based strictly on an assessment of the actual loss incurred;
- or both; and/or

it may make any other recommendation that it feels appropriate.

11. The Panel's decision is final.

12. The complainant will be notified of the Panel's findings by the Director General who will first ask if the complainant is prepared to accept them in full and final settlement of his/her claim.

13. It will be for the company concerned to take any action recommended by the Panel. If the complainant does not accept the findings, then no payment will be made and no further action will be taken.

## **11. What we will do following the investigation of your complaint?**

All complaints will be reviewed to determine whether there are any lessons to be learnt from the investigation. Where this is the case, these will be implemented in order to improve the service and may be shared across service areas where there is benefit in doing so. The implementation of lessons learnt will be monitored to ensure that opportunities for improvement are not missed.

After we have sent the response to you, we will contact you again at a later date to invite you to complete a customer satisfaction survey which asks you to comment on the handling of your complaint. The information you provide will help us to determine what improvements we can make to the handling process in the future. Any information provided will, of course, be treated as confidential.

## **12. Exclusions from the Corporate Complaints Procedure**

It is important that customer's complaints are dealt with effectively and this includes ensuring the correct procedure is used to make sure that the rights of the individual are protected and that there is no interference with another procedure or process that may take precedence.

The Corporate Complaints Procedure does not cover:

Requests for information regarding, or explanations of, Council policy or practice.

Requests that fall under the Data Protection Act, Freedom of Information Act, Environmental Information Regulations or which are covered by any other legislation.

Matters for which there is a right of appeal, for example, where there is an appeal process within Chandler's business policy's or to an independent tribunal, or a legal remedy.

A complaint relating to a claim under public liability will not be dealt with under the complaints procedure.

A complaint will not be considered, or further considered, through this procedure where in relation to the substance of the complaint:

- It has been withdrawn by the complainant, unless the Chandlers decides that there is merit in pursuing the complaint, e.g., to identify any lessons learnt
- It repeats a complaint that has previously been considered through the complaints procedure
- It is being or has been investigated by the Local Government Ombudsman under section 26(1) of the Local Government Act 1974
- It is unclear
- It is vexatious or frivolous
- Where the subject of complaint relates to events more than one year before the date Chandlers receives the complaint unless:
  - a) Chandlers is satisfied that it would not have been reasonable to expect the complaint to have been made earlier than it was and
  - b) although there had been delay in making the complaint it is still possible to consider the complaint effectively and fairly
- Where Chandlers decides that consideration, or further consideration, of the complaint under these procedures would prejudice the conduct of any proceedings or investigation falling under the following sections a) – d) below:
  - a) the complainant has stated in writing to Chandlers that he is taking or intends to take, proceedings in any court or tribunal
  - b) Chandlers is taking, or proposing to take, disciplinary proceedings against any person connected with the matter complained about
  - c) Chandlers has been notified that any person is conducting an investigation in contemplation of criminal proceedings; or
  - d) Chandlers has been notified that criminal proceedings are pending

Where this is the case, the action being taken under paragraphs a) to d) will be known as a 'concurrent consideration'. Chandlers will advise a complainant in writing why a complaint has been excluded from these procedures and state what the 'concurrent consideration' is that has resulted in the exclusion.

If a complaint is excluded from these procedures, the Council will write to the complainant to explain the reasons for the exclusion.
